II. As regards augmenting the revenue of the Village Panchayats, it was pointed out that Government could not afford to surrender to the Village Panchayats any item of miscellaneous revenue. There would be no objection to District Boards giving a share of their incomes from the weekly shandies to the Panchayets concerned. The Panchayets may also utilise the income derived from cattle fairs of a purely local character that might be organised by them.

Section Information as to whether Distt Bds are agreeable to place a portion of their Shandy Collections at the disposal of Village Panchayets has been called for.

What is meant by cattle fairs of a purely local character is not clear. Cattle from a Distt, if they should assemble at a fair in a village is 'local' so far as the Distt is concerned. Arrangements for the health of these cattle & men have necessarily to be attended to by the Distt Bd - What these cattle fairs are, whose income may be definitely assigned to Village Panchayet will have to be clearly settled for avoiding adverse claims that

The Asst D C B D Belur has not given that B D's resolution stated that it is not possible to give anything to Panchayets, as all income is spent on the fairs. Proceedings of the Fourth Ordinary Meeting of the District Board, Shimoga, Held on Saturday the 23rd June 1928 in the Town Hal at Shimoga, at 1 P.M.

Subject.No.36:-

Letter No.L.6783/L.B.146-26-13 dated 28-4-1928 from the General Secretary to Government requesting to furnish the opinion of the Board (1) whether the village Panchayet may be allowed to utilise the income derived from cattle fairs of a purely local character that may be organised by them and (2) whether the District Board would contribute a portion of their income from cattle shows to the village Panchayets concerned.

Resolution:-

The Board are of opinion that the organisation and holding of cattle shows and fairs should vest solely in the District Boards, as in the first place the Panchayets with their slender finances would be unable to undertake such big tasks and secondly as the income from this source to the District Board is one which the Board can ill afford to surrender. Further the District Board also undertakes many improvement works which promote the well being of the rural population and inthis view these larger items of local administration should be left for the management of the Board,

DEPUTY COMMISSIONER'S OFFICE. 27 JULY 1928 HASSAN.

Through the Deputy Commissioner, Hassan District

Sir,

With reference to your letter No.L.6783-90/L.B. 146-26-13 dated 28th April 1928 calling for the opinion of the Board in the matter of utilising the income derived from the Cattle fairs of a purely local character that may be organised by the Village Panchayet in order to augment the revenue of the Panchayet etc., I have the honor to state that the District Board at their meeting held on 28th and 29th May 1928 considered the subject and resolved that the proposal is not a desirable one and the District Board consider it impracticable and undesirable for various reasons..

In this connection, I beg to mention that in the first place villages have begun to decay and show signs of decimation and ill health, as well as increased infantile mortality on account of bad sanitation. The house accommodation is scanty, there is no drainage, there are no drinking water wells, there are no separate places for storing manure, a cattle shed, dwelling place, kitchen and sleeping room are all comprised in the same hall and ventilation is practically nil. There is no scavenging besides. Even in shandies which are held once a week, where though the right to gather the manure and convey cart

them away is sold by auction and it becomes private property we find such manure is not removed regularly and the shandy grounds are still dirty and insanitary in addition to this state of affairs. Cattle shows are encouraged to be held in smaller villages where there are no rivers or streams or plentiful supply of water. the manure collected remains without removal for a long time and cattle will have no water to drink and the consequences to the villages will be unpleasant. Even in a District Head Quarters place like Hassan, objections are raised by owners of land under the Chennapatna Tank that the supply of water from the tank for the cattle show which is nineteen years old diminishes the supply for the lands irrigated by it. The District Medical Officer in Hassan hadeonce raised a question that ill health follows a cattle show in Hassan and that therefore the same should be held at a distance. Every cattle show big or small, requires special Police arrangements as people assemble there in the show grounds with money for buying cattle. Veterinary arrangements must be satisfactory as diseased cattle are apt to be brought there in these shows to be passed off and necessary arrangements should be made to guard against such practices and the possibilities of outbreak and spread of diseases among cattle. More than this, these cattle shows will be the rendeavouz of gamblers who will be taken in the village folk easily. Lighting arrangements become necessary for obvious reasons. In these circumstances if cattle shows should thus be multiplied indiscreminately and fees levied the realisations in these small shows will be very little and the expenses will far outweigh the income. Even in a place like Ramanathapur in Arkalgud taluk where there is a

river, much difficulty is felt in making arrangements and gamblers, ~~and~~ burglars and pick-pockets gather in large - numbers and many a time I have noticed the subordinate staff compromising with these undesirables. In my humble opinion, cattle shows should not be made too cheap and these small shows will also react on the importance and significance of larger shows without any corresponding benefit. It will further accentuate factions and figments in villages on account of collection of fees and perquisites and exemptions to be allowed to this or that person in these interior villages. Such difficulties have been experienced in connection with toll gates and ferries where certain villagers or important folk claim special exemptions. Further, the ground to be selected for cattle shows gives rise to difficulties as the right to the manure collected on the land where the show is to be held raises difficult questions and developes factitious feelings. Though superficially it sounds well that small cattle shows may be held and incomes used for village Panchayets, the expense, inconveniences and troubles far out-weigh the advantage and I am decidedly of opinion that indiscrimnate holding of shows in small villages is nothing more than a farce to give a little temporary importance to one or two persons here and there without any real good resulting therefrom. It is best to leave it in the hands of a strong Committee, under the supervision of the District Board whose resources are larger and whose duty it is to prevent and control epidemics and who have a responsibility to take needful steps for Economic Development. In deserving cases, District Boards may make a contribution to Village Panchayets who show self reliance and practical enthusiasm. As a matter of fact in Hassan, the District Board who started the cattle show 19 years ago ran it for 8 - 9 years and then handed it over to Hassan Town

9

Town Municipality which is now earning about Rs 6000/- a year in that connection. In Ramanathapur District Board has still been holding a show and they recommended so long ago as four years that shop taxes may be given to temple in connection with the annual car festival. ~~when~~ at which price this show is also being held, and that the fees levied on cattle may be given to the village Panchayet itself for the improvement of the village. This was sanctioned in G.O.No. L.2198/4 R.82-24-13 dated 21st September 25. Thus in deserving cases District Boards may be entrusted with the option to open and manage the show, as per standing rules and their good sense may also be trusted in making suitable grants to the Village Panchayets in deserving cases where such a show may be organised by them. The proposal also involves amendment of the Board & Village Panchayat Manuals.

A copy of the resolution of the Board is enclosed.

Regarding contribution portion of the income from Cattle Shows to the Village Panchayats.

Adverting to your letter No. L.6788-90/L.B.146-08-10 dated 08th April 1908, I have the honor to state that the matter was placed before the District Board on 08th September 1909 and they have resolved that it is not possible to contribute any portion of the income from Cattle Shows to the Village Panchayats. A copy of their resolution is herewith enclosed.

2. At present the Board is managing only one Jatra of Uppershalli Hoskote Taluk. Out of the income a Cattle Show was held and prizes were awarded to deserving cattle. Sufficient amount was spent on sanitation and/a portion of the amount was given for the temple. As such it is hardly possible to contribute any amount to Village Panchayat. The Board have resolved to improve the Jatra area and construct temporary sheds etc. out of the remaining small amount. In the circumstances it is not possible to contribute any amount to the Village Panchayats.

Dated, Bangalore, the 3-9-29

The District Boards of Kadur, Kolar and Chitaldrug are agreeable to allow the Village Panchayets to take the whole amount collected at the cattle fairs organised by the Panchayets. The Tumkur District Board is agreeable to give 75% of such income to the Panchayets, while the Bangalore, Hassan and Shimoga District Boards consider that it is the District Board that should hold all fairs and do not agree to give any portion of the collections to the Village Panchayets.
